GROHE

Description of product

20092 Selfclosing valve 1/2",
Sistra
Connection nut 1/2"x10.5 mm dia.

Note

The self-closing headpart can be used on all fittings with a G1/2" thread and interchanged with normal headparts.
The preset flow time can be reduced by turning the inner adjustment screw anticlockwise.

Maintenance

Remove nozzle screw and sealing element (1.1) and clean or descale. If necessary, renew complete sealing element.
