GROHE Allure

Natural minimalism perfected

Purists will love the unencumbered lines and open rectangular spout of GROHE Allure, delivering a natural water experience - pristine and sensual, GROHE Allure is original and authentic, offering two different handle styles: a simple lever and an elegant three-spoke design.

Its unspoiled design is matched by two unique GROHE technologies: the smooth, precise action of **GROHE SilkMove®** ceramic cartridge technology for lifelong, effortless water control and **GROHE StarLight®** chrome technology for a deep, lustrous, long lasting shine. It is a covetable combination of craftsmanship and pure style - a truly alluring product.
